

Pre-School's Weekly Newsletter

21st September 2023

Our Focus Text:

Please visit our class page on our website to see the animated version of this story.

[Sherdley Primary School: Welcome to Sherdley Primary School](#)

Mathematics:

This week the children have been focusing on positional language. They have played the game Where's Spot. They have been encouraged to use the vocabulary on top, inside, besides (or next to), behind and under when describing where Spot was hiding.

See if you can play this game at home with your toys.

Our Sharing Book Journal:

Every Friday your child needs to bring in their book from our lending library along with their sharing book journal. It is so important that you share this book with your child throughout the week and write down what they say about it and get them to draw a picture. This is the beginning of their reading journey in school and is extremely beneficial as it will help them reach their age-related expectations at the end of Pre-School.

Thank you to everyone that returned their completed book to Pre-School today. The children loved choosing a new book.

Nursery Rhymes:

We have been learning the Nursery Rhyme Humpty Dumpty.

The children have been singing it on the stage and at the Nursery Rhyme table using our stick puppets.

I wonder if they could sing it to you at home. Can they remember all the words? If not please join in and help them.

Have Fun!

Our Family

On Thursday next week we will be talking about our families. To help you child talk about their family could you please send in a photograph. It could be a family picture from a holiday, trip out or a birthday celebration.

Dates for the Diary:

- Wear Something Yellow - Tuesday 10th October.
- Individual School Photographs - Wednesday 11th October.

Please ensure that you have completed the photograph consent form on the school spider app.
