

Pre-School's Weekly Newsletter

6th October 2023

This week the children have been tasting and finding out all about honey. On Wednesday they had toast which they spread butter and honey on with a knife.

They were extremely eager to eat their toast and honey and thoroughly enjoyed it. All we had left were crumbs!

Mathematics:

This week we have been learning all about circles. The children took on the role as shape detectives and had to find lots of circles in the classroom.

They learnt the fact that "a circle has 1 curved side".

Can they find any circles at home in their toybox? I wonder what they are on?

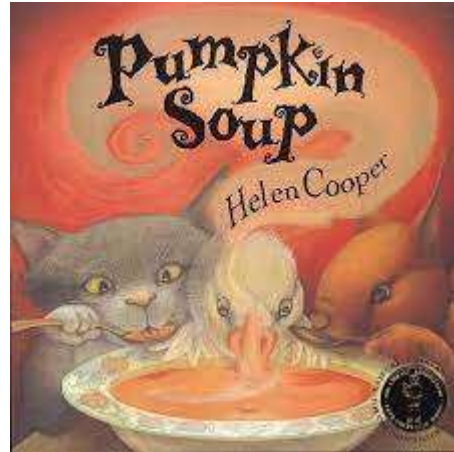

Dates to Remember:

- **Tuesday 10th October** - Accessorise your uniform with something yellow for World Mental Health Day.
- **Wednesday 11th October** - Individual and family photographs.
- **Friday 13th October** - Deadline for the return of the cauliflower cards to school

Our PE day is Thursday - please remember to send your child to school wearing a pair of pumps or trainers.

Our Focus Text:

Over the next few weeks we will be focusing on the book
Pumpkin Soup by Helen Cooper

You can find out more about this text on our website. If you go onto our class page you see what your child will be taught in class, along with ideas for activities that you can complete at home. You can also watch this story being read on CBeebies.

Next week we will be looking at natural materials focusing on acorns, leaves and conkers. The children will be learning about where they come from and what they look like through different songs and stories.

If you are out and about over the weekend, we would be very grateful if you could collect some of these items for us.
