

# Pre-School's Weekly Newsletter.

13<sup>th</sup> October 2022

## Mathematics:

This week we have been learning all about more and less. We looked at different amounts of conkers in bowls and talked about which set had more and which set had less.

Can they tell you what these words mean?

## Home/School Tasks

A Home/School task will be sent out every two weeks for you to complete with your child. Please could you return them to Pre-School by the date stated on the task. It is part of our school's expectations that children complete homework tasks sent home. This will help them develop positive learning habits that will be extremely beneficial throughout their school years.

**Thank you to all those that have completed and returned the 2 tasks that have been sent out this term.**

## Dates to Remember:

- **Friday 27<sup>th</sup> October - Rock Kidz** - the children can come to school dressed up as a rock star. We will be rocking to a live band in the hall!
- **Friday 27<sup>th</sup> October** - School closes for Half Term and we reopen on **Tuesday 7<sup>th</sup> November**.
- **Family Learning Week** - during the week starting **13<sup>th</sup> November** you will be invited to attend a play and stay session with your child in Pre-School.

## Spring Bulbs

This week the children have been looking at spring bulbs and thinking about what they might grow into. We talked about what we needed to do with the bulbs in order for them to grow in our garden.

Due to the weather today we will be planting them next week - fingers crossed!

## Our Nature Table.

The children have thoroughly enjoyed looking at the different leaves, conkers, acorns and pinecones that you kindly sent in. We found out that acorns and conkers are seeds from different trees. The children were very eager to use these natural materials to make some pieces of art with - I wonder if they can tell you what they made.
