EYFS Objectives

Completing this activity with your child helps them reach these age related expectations:

Communication and Language:

To use a wide range of vocabulary.

Understanding the World:

Begin to understand the need to respect and care for the natural environment and all living things. To know that there are different countries in the world and talk about the differences they see in photographs.

Over the past two weeks we have been looking at different bears and where they live. We have looked at Brown Bears, Polar Bears, Black Bears and Pandas. For this week's homework could your child tell you their favourite bear and find out some interesting facts about this bear, for example:

What country would we find this bear in?

What does it like to eat?

What can it do?

Bear collection

My Bear Fact Hunt.

Draw a picture of your favourite bear - what does it look like?

What interesting facts have you found out about your bear?
