

# Pre-School's Home task 21-2-24

## Finger Play!

Return by Wednesday 6<sup>th</sup> March

### EYFS Objectives

Completing this activity with your child helps them reach these age-related expectations:

#### Physical Development:

To use a comfortable grip with good control when holding pens and pencils.  
Show a preference for a dominant hand.

Over the past couple of months your child has completed many finger play activities, such as:

- Putting beads on vertical rods .
- Putting pegs in a peg board.
- Threading beads.
- Threading Cheerios onto pipe cleaners.
- Threading tubes of pasta.
- Tracing over lines.

These are great activities to help them develop their fine motor control which will help them develop a good, controlled pencil grip.

For their homework could they try any of the above activities at home and go onto complete the pencil play sheet. Help them hold the pencil and press down hard.

Name:

## Pencil Play!

What activity did your child choose to have a go of?

Does your child use the correct tripod grip?

If not keep just correct them and keep practising.

Did they swap hands or did they have a dominant hand?
