Pre-School's Home task 21-2-24

How Long Am I?

Return by Wednesday 6th March 2024

EYFS Objectives

Completing this activity with your child helps them reach these age related expectations:

Mathematics:

To make comparisons between objects relating to size - length. To use the language long/longest and short/shortest related to length.

This week in mathematics we have looking at the different lengths of snakes from our new text The Gruffalo. We then had to sort the various lengths and put them in order starting with the shortest one. Finally, we ended up with the longest one.

For this homework could you look at the different lengths of objects around your house and draw them on the back of this sheet.

Remember to use the words long and short not big and small.

Name:

Let's Get Measuring and Ordering

Can you go and find long and short objects around the house? What did you find? Please can your child draw the pictures on the back of this sheet.

What was the longest object?

What was the shortest?
